Durango Public Library

Light Refreshments Provided

The Panhandling Town Hall is designed to discuss
SOLUTIONS for this growing issue.

Business owners and store managers
are specifically invited to attend to provide input.

“As the weather warms up, we’re seeing the panhandlers return,” said Tim Walsworth, BID executive director. “What we hope to accomplish with the Town Hall is to gather ideas for what to do about those people who have chosen panhandling as a lifestyle, the transient panhandlers who are impacting the safety, charm and allure of our community.”

**It will take multiple ideas and efforts all
working toward the goal to
reduce the transient
panhandling issue.**
